Public Venues

Sparkling Urban spectacles

Our in-house design team excels in translating imaginative concepts into Christmas Landmarks, elevating every public space into a city-wide attraction and must-see destination during the holiday season.

Let us do the magic!

From a dazzling Christmas decoration lining Fifth Avenue in New York, USA, to an impressive 18-meter-tall Christmas tree harmonizing with the vibrant cityscape of Hong Kong, our design and production team thrives on every Christmas challenge, bringing joy to each project!

Bringing Christmas everywhere!

In 2023, The Xmas Designers journeyed to the Bahamas to bring the spirit of Christmas to Nassau. Vibrant and sparkling decorations illuminated the festive season for locals and numerous tourists. No destination is too far - we bring Christmas wherever our clients let us go!"

Sustainable and Budget effective

When we design our Festive decorations, we aim to incorporate elements that are versatile, and can be repurposed for other seasons.

Easily transform them with different touches or flexible additions; to bring joy during Valentine, Ramadan, Chinese New Year or any other Festive highlight of the year.

Festive fun all year round

By incorporating Ramadan and Chinese New Year to your Festive program we know how to get more out of your budget, and create consistency and efficiency in your yearround program.

A touch of Floral!

The team of our sister brand The Floral Designers are experts in developing unique and large Floral concepts; for both the hospitality and events industry.

In 2023 they designed a unique Spring Floral installation for The Peninsula in New York; to attract just as much visitors as during the Christmas holiday season.
