### Creating and Sharing unique Christmas Memories

Christmas is all about sharing unique moments and creating long lasting memories with family and friends; and is therefore one of the best occasions to create online exposure.

We therefore create decors that are eye-catching, sometimes interactive and always worth sharing.

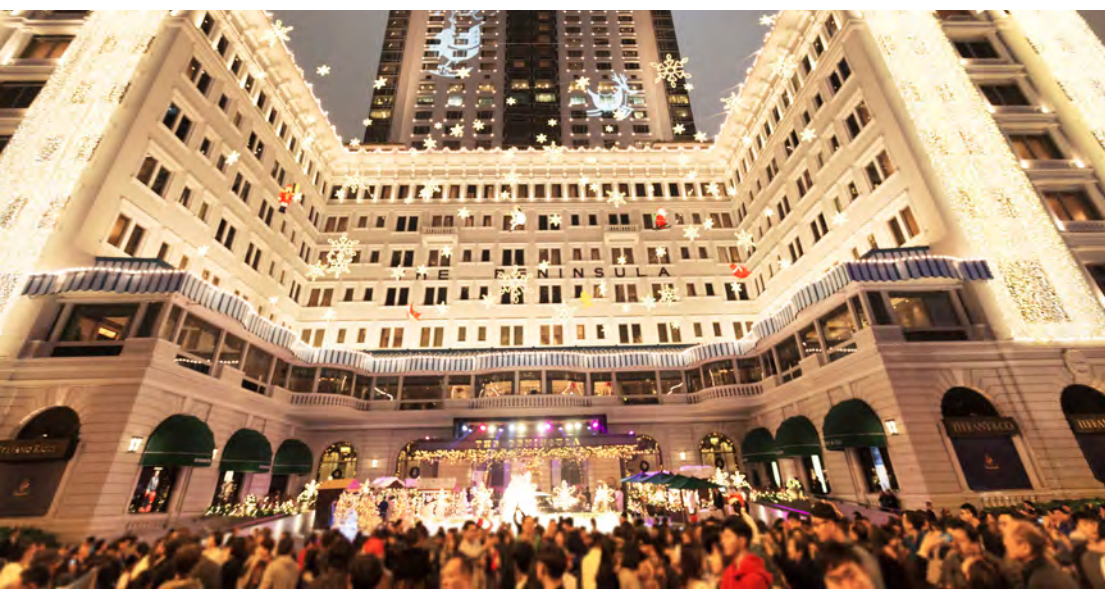

### Creating Christmas Destinations

From ultra-luxury shopping malls in Shanghai, such as Jing An Kerry Centre and IAPM, up to many other shopping malls around the world, like the Tygervalley in Cape Town and Times Square in Johannesburg; The Xmas Designers know how to turn a shopping mall into a Christmas decoration.

### From soft decorations, up to complete Christmas Markets

From garlands and Christmas trees up to stages for entertainment and creating complete Christmas Markets; The Xmas Designers know how to exceed the expectations of your visitors.

### It all starts with a sketch!

All good ideas start on paper, which will then be turned in to 3D visuals and animations, including technical drawings and setup structures, to ensure you have a clear view on how the decor will be created and will enhance your shopping mall throughout the festive season.

## Creating Christmas, Going Above and Beyond

A unique collaboration to exceed all expectations by adding super large light structures to the Christmas Concepts. From 2 up to 15+ meters tall, produced and executed by European LED professionals. Perfect for shopping malls, public spaces or other large venues. Creating city landmarks and 'talk of town experiences'.

Creating stunning objects that for sure will be the eye-catchers of the seasons; to be shared digitally, all around the world.
